Belinda Hulin has contributed articles on food, dining, and entertainment to a wide range of newspapers, magazines, and online venues. In addition to Philadelphia Magazine articles and reviews, she also wrote a monthly food column for Applause, a publication of Philadelphia's public broadcast station. Hulin served as food editor of The Florida Times-Union, a 200,000-circulation daily in Jacksonville, Florida, for five years. During that time, she delved into North Florida's evolving fusion of southern and tropical cooking, winning several Association of Food Journalist awards in the process. She contributes pieces on cooking and food-based entertaining to Boca Raton Magazine, Water's Edge Magazine, and Mizner's Dream. She also updated Gayot's online

restaurant guide for Jacksonville, Gainesville, Tallahassee, and the Florida Panhandle. When she's not writing, she's testing recipes. She lives in Atlantic Beach, Florida.

I recently did some research and bought a versatile fondue set so that I can make not only cheese and chocolate fondue, but also broth and also hot pot. This book has a good variety of meals/fondue. It even touches on hot pot which interests me since having been to a region of China where this is popular and now I want to add it to my lineup. The explanations and layout are clear and simple to follow. Like I say, there is good variety in this book, but I will almost certainly need more books or online sources for more hot recipes as there are only several (from what I can see) in the book. Further, there are no pictures, but I didn't expect any considering that the book was inexpensive. Finally, and this is no fault of the book, but I wish there was a better system to navigate around kindle books to get to exact parts of the book where you want to go. Maybe there is and I still need to find out how to do that.

Fun book with cool recipes

I found The Everything Fondue Party Book to be everything I wanted and more! An old hand at fondue entertaining, I was thrilled to find updated recipes and ideas for entertaining. There's far more than fondue in this recipe packed little book. It's an entertainment celebration! And a wonderful book for gift giving. Hulin is a pro in every sense of the word.

This book bowled me over! Wham! Bam! I have a teenage son and found this book to be very exciting to explore as I was trying to come up with unique and tasteful, fun food ideas that would appeal to his age group. I'm sure this book will be extremely helpful in my graduation party plans. Fondue fun here we come. Boys just like to have fun, too!

We received this book for our wedding shower and we decided to turn things around and throw a fondue party for our rehearsal dinner. We loved the ideas, recipes, and just getting to be with everyone we loved, sharing ideas over some fabulous food. We love this book and can't wait to use it again for a date night soon!

This book has little fun or excitement to it. I love recipes, party planning books and learning of new ways to entertain my teenage daughters and their friends. This book came up short on all aspects.

Boring, lifeless and little to no new entertainment information.
