Customer Reviews

"After bringing Bavinck's magisterial Reformed Dogmatics to an English speaking audience, John Bolt has crowned the effort with this abridgment that will surely make the work accessible to a wider audience. For his commanding breadth of learning in biblical, systematic, historical, and philosophical theology as well as the rich depth of his exegetical and doctrinal insights, Bavinck stands out as the most important Reformed theologian of the nineteenth century. With Bolt's footnotes, obscure figures and debates are explained and their contemporary significance noted. This volume is a gift and a treasure, offering us one of the richest veins in the history of dogmatics."--Michael Horton, J. Gresham Machen Professor, Westminster Seminary California

Praise for Bavinck's four-volume Reformed Dogmatics "Bavinck was a man of giant mind,

vast learning, ageless wisdom, and great expository skill. Solid but lucid, demanding but satisfying, broad and deep and sharp and stabilizing, Bavinck's magisterial Reformed Dogmatics remains after a century the supreme achievement of its kind."--J. I. Packer, Regent College

Finally Bavinck becomes available to the English-speaking world. The Dutch version has been a constant stimulus for students, pastors, and other interested Christians. It has shaped generations of theologians and helped them to preach, think, and act on a fresh, Reformed basis. The strength of Bavinck's dogmatics is that it's neither conservative nor progressive, but its biblical character makes it constantly up-to-date."--Herman Selderhuis, Theologische Universiteit Appeldoorn

"What a wonderful gift to the English-speaking theological world! The topics explored by Bavinck are still of the utmost importance, and he addresses them here in a theological voice that is amazingly fresh."--Richard J. Mouw, Fuller Theological Seminary

"Bavinck is one of the premier Reformed theologians, but till now much of his magnum opus has not been accessible to English-language readers. We owe a great debt of gratitude to those who have made the treasures of Bavinck's thought available to a new world of appreciative hearers."--Donald K. McKim, editor, Encyclopedia of the Reformed Faith

Herman Bavinck (1854-1921) succeeded Abraham Kuyper as professor of systematic theology at the Free University of Amsterdam in 1902. John Bolt (PhD, University of St. Michael's College) is professor of systematic theology at Calvin Theological Seminary in Grand Rapids, Michigan, where he has taught for more than twenty years.

Reformed Dogmatics by Herman Bavinck (1854-1921) is arranged like a standard systematic theology text and includes seven branches of theology overall. Bavinck was a seminal thinker in his day and deserves to be read in ours. The new abridged volume by Baker Academic is a welcome addition to the growing number of theological works in print. The writing, while dense at times is easy to follow and offers readers a Reformed framework which stands in the tradition as writers such as Warfield, Hodge, and Edwards. Perhaps an assortment of citations will give readers a better idea of Bavinck's style and theological convictions: The entire life of the Christian is dedicated to the worship of God - we are not our own; we are God's. We belong to God completely and always, in life and in death. Sin, therefore, is never an arbitrary matter, merely a whimsical displeasure of a jealous God. Sin is knowingly breaking God's command and flows from a heart that rebels against God. The human heart and head can rest in God's will, for it is the will of an almighty God and a gracious father, not that of a

blind fate, incalculable chance, or dark force of nature. His sovereignty is one of unlimited power, but also of wisdom and grace. He is both king and father at one and the same time. Mystery is the lifeblood of theological reflection. From the start of its labors, dogmatic theology is shrouded in mystery; it stands before God the incomprehensible One. This knowledge leads to adoration and worship; to know God is to live. The content of the Christian faith is the knowledge of God in his being and in his works. Even the abridged edition weighs in at 777 pages, so readers will need to demonstrate a measure of discipline and patience in order to reach the finish line of Dogmatic Theology. But the time and effort will be well-spent and one dives into the deep end of the theological pool. Highly recommend!

Though not a straight-up abridged version (but an editorial revision/condensed version), it retains the heart of Bavinck's theology without the distracting notes and debates about Dutch theologians that nobody really knows about. How much seminaries would benefit by using this as their primary systematics text!!

Awesome product!!

I really like this work, however, it would have been so much easier for study purposes if it had page numbers rather than kindle locations. At this price I don't think it is too much to ask for page numbers. Great read though regardless.

This book cross references everything about church founding fathers and philosophers. I only had to use chapter 7-10 in this book. So I would say that it's a seminary book. Not down to earth. It creates really really well rounded arguments. Not for the faint at heart. I'm glad that I took some church history classes and philosophy classes before I had this book so that the ideas weren't as new and confusing.

It is good to know about Herman Bavinck's magnum opus, Reformed Dogmatics, for those who have not been trained in theology.

One of the best reference books I ever read. Thank you and also Baker Academic Publishing, I bought it used but it is still good as brand new

Delivery and product as expected.
