Book by ParÃƒfÆ'Ãƒ Â©, Jean

She has not tried all the recipes yet but she really likes this book. She says the instructions are easy to follow and that the ones we have not tried yet look really good. We both like the concept of a meal in one pot. We have used ours off and on over the years and it was especially useful when we were still working.

A great addition to my collection. I will enjoy it.

Great book, I like the spiral binding as well. Makes it easier to keep your page. Recipes are simple and easy to follow. Most have ingredients I normally have in the kitchen. Great buy!

Lots and lots of great slow cooker recipes that you don't see everywhere else. I enjoyed just reading through the book and look forward to making many of the dishes now that Winter is upon us.

I don't like it.

The book was in better shape than I expected. It looked brand new & it arrived quickly. I was Very satisfied.

If you actually had a clue your self Mrs.Arynne A. Simon, you would realize that Jean Pare has quite a number of books on healthy living as well as specialthy books for Heart Healthy cooking, vegan cooking, diabetic cooking and many more. Jean has donated many procedes to Diabetic foundations and continues to promote healthy living. Slow cooker recipes happens to be a best seller, and has HEALTHY slow cooking recipes within. so I guess your theories as well as your judgment of Mrs. Pare are very flawed. Please do a little research before you randomly attack people. You may want to try the website at [...] and see all that's available

I'm always looking for great slow cooker recipes. This book was just as the seller described it and I have enjoyed looking through it.thanksMaggie
