Customer Reviews

"It's great fun to flip, configure, and reconfigure and discover what kind of pairings are aesthetically pleasing, and which ones are fashion fiascos (the afore-mentioned look will not be appearing on runways any time soon). Teens can brainstorm and begin to develop and define their sense of personal style and fashion." - School Library Journal

I originally saw this in an art supply store. I bought it on for an 11 year old girl who enjoys sketching

fashion. It's fun for her to choose eclectic combos & sketch them. She loves it. Definitely a modern feel to the styles, a little edgy but not too sexy/trashy for a tween (as so many books are, imho.)

I love this so much I find myself flipping through it even when my daughter is in bed! Thinking I'll have to get her other book too... you know... for my daughter ;)

This book is so fun! I bought it as a gift to my sister, since she is always asking me to put together unique outfits for her. Each page is made up of four separate pieces of the outfit to flip, so you can mix and match different styles. The illustrations are great! I kind of want one for myself as a cool coffee table book.

Cannot wait to give this as a gift to a 9 year-old-girl who loves to make her own clothes. She has a unique style, just like the gals in this book. This is fun, interesting, interactive. The adjectives are educational and not typical. The illustrations are very detailed and entirely cool. It's like Paper Dolls meets 2014.

I purchased this book as a gift for someone who is a real fashionista and it did not disappoint. The only reason I didn't give it 5 stars is that I wish there were more pages, so that the variety of mixing and matching was larger. It would make an especially good gift for those who are hard to find a gift for. Lots of fun.

Fantastic book, highly recommend it. Came quickly and was in great condition.

What a gorgeous book. I purchased this for my daughter as a gift and she is going to love it! It is truly gorgeous. I would highly recommend this for any girl or women who loves fashion!

Fun book for a teenage girl interested in fashion
