Mefiboset: Crippled Prince (Intrepid Men Of God Book 4)

Synopsis

Denied the throne as king of Israel and crippled for life at age five, Sett spends his early years fleeing his grandfather King Saul's enemies. Inheriting his gigantic grandfather's height and good looks along with his father Jonathan's positive attitude, Sett uses his wits to get out of life-threatening situations in Israel, Babylon, and Assyria. Despite his handicap, the beautiful Kissara becomes his wife, King David becomes his friend, and the forests become his mission. Though he must constantly deal with three enemies who do everything they can to make his life miserable, Mefiboset, grandson of a king, is an overcomer, a climber, a conqueror who triumphs in the end. (At the back of the book are discussion questions for book clubs and Bible classes.) Customer Reviews

I'm so happy I have another one in this series all ready to read on my kindell. It midnight and I need another chapter or two to get me to sleep

Very enjoyable read. Easy

Overall, I really liked this book. It's made me really think a lot about a man in the Bible that I've never given much thought to before. First the things that truly bugged me in the book. ~The author speaks WAY too much about the forests. I get that she is trying to make a point that if we don't take care of them, the trees will all be gone one day. But, I found the repeated topic quite annoying after a while. ~Sett is a great character. Almost *too* great. We never see any bad side to him. It's almost as if he was sinless. In many ways, this made his character a bit flat for me. I'd much rather seen how he overcome his inner trials - his anger at his enemies or situations, his frustration with being lame, etc. Instead he seems to just take it all in stride and it doesn't bother him. ~The way David insists on calling Sett "Jonathan". For *me*, it just made David seem a little insane, and just didn't sit well with me. But despite those relatively minor cons, there were a lot of pros to this book. This was a well written, interesting book. I enjoyed travelling with Sett throughout his life, encountering people I knew from the Bible, and others I met for the first time. This book has definitely made me want to research more into Methibosheth's life, if it's possible. If not, I have a wonderful version of Sett in my head. :) Before I started the book, I went to the Bible and read the story of Methibosheth. I wanted the actual scriptures to compare the story to. The author, from what I can tell, has kept as much to the Biblical story of Sett. Of course, she expounds and makes up the story where the Bible doesn't give us details. But from what I can tell, she doesn't deviate from Scripture. Thank you Kathryn for

writing such a great book! I can't wait to read more in the series

I read 3 books in this series and this is the best, although I enjoyed all I found this book hard to put down.

Goodstory.

I loved the entire biblical series. Learned a lot about people in the Bible and their earlier years.

Not realistic. More of a child's mind set. I doubt if the word "Golly" was spoken in the age it was supposed to be written
