Customer Reviews

Stephen White is a bestselling author of books, videos, television and film. Bytumenus Cole is considered by many to be the foremost chronicler of all things Steampunk. In his own words, he has "unparalleled experience in the observation and depiction of heroism, villainy, and the many remarkable changes wrought by the steam era's explosion of wondrous inventions and scientific advancements."

It has really good drawings & the plot is worth the read. I'm hooked! I love this coloring book.

I love Steampunk adult color books and that is why I bought this. I was not sure I would like coloring them because they have an animation tone - wide face shape. I colored one off and on for a month and I feel I can only get better with this type of paper - it is a grey scale. I posted this drawing on Facebook and naturally all the guys liked. Funny Funny. And a lot of the ladies too. I will attempt to color another one. So I am giving this book 5 stars.

This is my first steampunk book. I've always wanted to try one. The pictures are cute but some areas have too much black and you can't color over it. Opposite pages tells a story of each steampunk character. Pages are single sided on standard weight paper. I do not recommend markers as it will bleed through and cover the story on the back page. This is a cute book.

OMG! I have many coloring books, but this one is fabulous. The drawings are precise, and I can't think of words to describe how wonderful. This is not a kids fantasy as they might not understand it, as there are some very buxom ladies, I am truly going to enjoy this one.

VERY NICE STEAMPUNK PICTURES. PAPER OF BOOK IS SUBSTANTIAL BUT DONT TAKE A CHANCE....USE A BACKING PAGE TO PREVENT BLEED THRU OR REMOVE PAGE YOU WANT TO COLOR.

Sexy steampunk women. I love it and look forward to adding my own colors. Paper is of decent quality, non-perforated pages.

Adult coloring is such a great stress reliever and helps occupy when there is down time on the job and this book is FABULOUS!!!

Not my preferred line art style, still worth a purchase, enjoyable.
