Customer Reviews

The 6 paperback Peppa Pig books included in this set are Ballet Lesson, Bedtime for Peppa, Class Trip, Peppa Goes Swimming, Peppa's First Sleepover, and The Tooth Fairy. My 4 year old son loves these books and the case. He enjoys putting the books in the case and carrying around with him. The set is a great value for getting 6 books.

I thought: Why does this have a handle? Who is going to carry these books all around? Answer: My kid! I had no idea how in love my son would be with these books and want to take them everywhere! The stories are just long enough that I don't cringe when he picks them for bed time. I try to keep it interesting and read them in an English accent! These books are a great buy.

This has been a hit with my nearly 4 year old. She was so excited on seeing so many books of her

favorite character! We read together and it's a lot of fun for her to read stories that she already has watched on TV. This collection is a great value too! 6 books at the general price of 2!

Our 3 year old girls love, love, love 'the pig show'. They instantly fell in love with this box. It has 6 books, many of them retelling episodes of Peppa. If you've seen the show you know what you're getting, cut slices of life of a toddler pig and her family. And if your kids are like ours they'll be demanding you read these and even studying them themselves. One warning, it's a box of 6, and most evenings I'm not allowed to stop till I read all 6!

This book set is super cute! It has a velcro top on the case that opens to the six books. It also has a carry handle on the case to carry all the books. All of the books are brightly colored and not faded. All of the books are easy to read! Super great gift for a little kid who loves Peppa Pig!!

My four year old daughter is OBSESSED with all things Peppa Pig so I knew this set would be perfect in her stocking! She loves them and takes them everywhere. I love that they come in a Velcro box that she can take out and put away herself. Super cute set.

My toddler is obsessed with Peppa, so I knew this would be a great buy for her. You can't beat the price for the amount of books you get. The stories are great and she loved the pictures.

An amazing value. My two year old son loves these books. They are easy for him to understand. This collection is much cheaper than buying the books individually.
