## Customer Reviews

I like the arrangements in this book. I bought a flute and clarinet copy, but haven't had the chance to play with both instruments. The music is not too challenging but definitely not for a beginner either.

I really like the book and the music is great, BUT there is NO piano accompaniment. The description said there was optional piano accompaniment and there is nothing. Not sure if I need to buy a separate book or what. Very disappointed because I chose this book for the piano part.

Enjoy playing these clarinet duets and trios!

good but would prefer old standards
