Tintinalli's Emergency Medicine Manual, Eighth Edition

Synopsis

The book that belongs in the pocket of every clinician working in an acute care setting This portable manual encapsulates the most clinically relevant content of Tintinalli's Emergency Medicine, Eighth Edition -- the world's bestselling text on the topic -- and puts it at your fingertips, or in your pocket or backpack. Covering the full spectrum of emergency medicine in all patient populations -- adult and pediatric -- this full-color guide is composed of concise chapters that focus on clinical features, diagnosis and differential, and emergency management and disposition. Packing a remarkable amount of information in a compact, full-color presentation, Tintinalli's Emergency Medicine Manual, Eighth Edition is enhanced by contributors from across the globe. Numerous tables and full-color photographs and illustrations enrich the text and help you deliver skillful and timely patient care. This new edition includes extensive updates to all sections, incorporating the latest guidelines, evidence-based protocols, and relevant research.
