Dragon Wings And Wild Things: A Fantasy Coloring Book

Synopsis

Venture into this fun world of whimsical and fanciful dragons created in a unique style. You'll discover dragons mingling with other wistful companions such as fairies, fairy cats, and butterflies. These are dragons that should delight adults and children alike. The book features seadragons, giants of the air, and fun mythical beasties to color throughout the year. The artwork in this book should appeal those who love dark, goth, Victorian, and steampunk fantasy creatures. You can find it all with these weird, wild dragons. There are 32 new hand-drawn images in a varying degree of difficulty. Take on a challenge with some designs and then a break with a couple of the more simple dragons within. Test your hand with the more shaded water dragons that show you that anyone can apply beautiful shadows and light to their work. Book is single-sided on 60lb medium white paper. You can color with crayons, pencils, gel pens and markers in this book. Blotter pages are included to place beneath your work. Adorable baby dragons are added to test your colors and mediums before you use them on your chosen image. Alcohol markers and water media may bleed or buckle, as with most coloring books. While children can enjoy many of the designs in this book, the artwork difficulty and design elements are mostly suited for teens and adults.

I love the images in this book. They're great for beginners through advanced colorists. This author's illustrations definitely stand out from the rest. I can see one of her images and know it's Shelah Dow's picture. I would recommend this to any colorist. I'm glad I added it to my coloring book library.

Her dragons are so pretty, and some are cute, some are whimsy and some are just are. Her color testing page is absolutely ADORABLE. Awesome and wonderful and amazing lady.

Perfect for free. It came in my order as a gift from the company I purchased another item from. The dragons are fun to color and it has many pages and the dragons are of various styles.

Once again Shelah Dow captures a whimsical and fantastic imagination that is filled with familiar-ish visions. A great color and the artwork leaves plenty of room for your imagination to join in. Love it.

Liked this so much, I ordered a second copy to share with my Grandchildren! Dragon Wings and Wild Things: A Fantasy Coloring Book

Wonderful, whimsical and cute coloring book!

Drawings are interesting.. From basic to detail. Dragons tend to be very Gothic vs cartooney.
