The Ultimate Ski Book: Legends, Resorts, Lifestyle, & More

Synopsis

Higher, faster, further—skiing is more than a hobby, it's a way of life. Originally an adventurous way to move through ice and snow, skiing is now the number one wintertime recreational activity. More popular than ever before, the snow lures thousands of die-hard fans to the airy heights of the world's mountains. Anyplace where even a few flakes fall, there are dedicated skiers—forever hunting for the longest run in the Andes, the most spectacular downhill in the Alps, the most legendary chalet in the Rockies. In this book, skiing expert Gabriella Le Breton assembles everything passionate skiers want to know, and a lot more—the most beautiful views, the most remote resorts, the best restaurants. And of course, real skiing legends have their say, providing tips for life on the two pieces of wood that mean everything.

Book Information

Hardcover: 220 pages

Customer Reviews

Distinguished author Gabriella le Breton, author of *The Stylish Life Skiing*, is one of the world's leading authorities on the best places to ski. She has jumped out of helicopters and skied under the midnight sun in 130 ski areas around the world. Her skiing articles are regularly featured in *The Financial Times*, *The Daily Telegraph*, *Conde Nast Traveler*,

Some of the photos in this book are also in the book *The Stylish Life: Skiing*, or the other way around. But I already had the *Stylish* book so it was a small disappointment that some of the content is the same. But I read *The Ultimate Ski Book* again and I am coming back to edit my review and say that the book is pretty good. Many of the top European and American resorts are reviewed with

two-page color trail maps of each resort, which is really nice. And the photos are really cool, and many are vintage. So I am revising my review to say this book is enjoyable and if you are really into skiing, and maybe want to learn more about the top European resorts, this is a good book for your collection.
