Popular teen speaker, Chad Eastham, speaks to thousands of girls each year on The Revolve Tour(R). Chad has written an award-winning health curriculum and several books for teens.

Awesome and honest!

I purchased this book on the advise of posting on Imgur. I received it in a timely fashion and hope my daughter reads and absorbs it

I loved this book! Chad is hilarious while still making alot of good points. Every teenage girl should

read his books!

Great book for a budding 12 year old lil sis of mine. Was quite helpful, since my mom and I are both uber busy and don't have time to go over every little "how to be a proper young lady" rules in life.

This book is a lot like other Chad Eastham books. It really just goes into more detail than some of the other books. Very good read. It is also a quick read. Some of his other books are longer, so if your looking for a shorter book this is the one.

I purchased this book for my 11 year old daughter. This book reinforces many points that we would all like our daughters to know and remember when they begin to notice and be concerned with boys. If you would like to give the young lady in your life great information that will help her to respect herself, respect her body and choose a worthy mate later in life, then you need to buy this book. My daughter loves the book and has shared it with many of her friends (who have now also requested one for themselves). Chad Eastham has a gift for connecting with young people and delivering important information to them without being too preachy.

You can't go wrong with Chad Eastham. My 14 year old daughter saw him at the Revolve tour a couple years ago and found him funny and likeable. He writes the way he speaks.

A friend of my daughter wanted this for christmas one year and could not find it. They were excited and loved it. Price was awesome.
