What Does Baby Want?

Synopsis

This baby is not comforted by a teddy bear or toy. This baby wants only one thing: milk! When baby is hungry, neither his teddy bear, his ball, nor even his shiny tambourine will soothe him. This tribute to the nursing baby - and even more so, to the breastfeeding mother - will read as conventional to babies and toddlers but as taboo-busting to parents. Celebrate the natural magic of growing a baby with this simply worded, expertly illustrated, and shockingly honest shaped board book. Perfect for nursing babies, older siblings, and expectant parents. A sure-to-be favorite baby shower gift!

Customer Reviews

2017 Board Books Worth Noting, School Library Journal "Completely developmentally appropriate and fits with the pro-breast-feeding message most doctors advocate. All-around brilliant."  Kirkus STARRED Review "Tupera's board book is the kind of surprising, canny offering that makes you wonder how no one else did it first... Very well done, and something you don't see every day. Unless you do."  Booklist "My favorite book of the year: What Does Baby Want?... Because for many older siblings, this... is a daily reality. One they've undoubtedly never seen replicated in their literature before."  Betsy Bird @FuseEight "What an honest and breastfeeding-positive message!"  5 Minutes for Mom "You'll notice a distinctive difference about new board book What Does Baby Want? by Japanese design duo Tupera Tupera,

which tells the story of a hungry baby and his breastfeeding mother. Perfect for reading aloud to nursing babies and their older siblings."Ã¢â€”Baby London" At a time when breastfeeding in public can still court reproach, this is a joyful, cheeky, and candid expression of one of the most elemental ways that mothers nurture their children."Ã¢â€”Publishers Weekly" An utterly fantastic little board book with an innovative 'round' design that plopped into our review pile, making us both giggle and 'awww' at the same time. A really lovely 'first book' for a new baby, as mums and dads settle into a routine and (hopefully) make reading aloud to their little ones a part of that too."

"Ã¢â€”Read It Daddy" Entertaining ... a light hearted and extremely funny story about breastfeeding. Highly appealing and playful... A great little gift for baby showers!"Ã¢â€”South Wales Evening Post" Cut in an unusual circular shape, it tells the story of an unhappy baby and a mama trying to find out what he wants. Brilliantly illustrated, the book features a spread of a pair of boobs, which my children found hilarious, but it's so nice to see breastfeeding normalised in a baby book! It also has close-ups of the baby's face that babies will be instantly drawn to. A sweet gift for a new nursing mama and her little one."Ã¢â€”BambinoGoodies.co.uk" Beautifully illustrated and really simply explains "what baby wants" and the concept of breastfeeding... Goes through all the things baby could want to stop them crying, ending with a feed... I particularly love the third to last page which is just an illustration of two boobs, I mean why should we shy away from them, for a lot of people they feed and nourish their baby and shouldn't be something we're embarrassed to whip out or talk about."Ã¢â€”What Sophie Sees blog" This book looks at a common part of many babies' lives that is rarely discussed in children's literature - breastfeeding. Told with humour, and illustrated with simple, bright drawings and minimal text, it shows the common sight of a hungry baby who will only be satisfied when he eats. The round design is an unusual and interesting format, while the sturdy pages are easy for little fingers to turn."Ã¢â€”BookTrust.org" Made me laugh out loud."Ã¢â€”Justine Crow, of the The Bookseller Crow bookshop, London, Families South East London Magazine

Tupera Tupera is the award-winning Tokyo-based husband-and-wife design team of artists Tatsuya Kameyama and Atsuko Nakagawa. In addition to producing humorous, colourful, and highly original picture books and illustrations, they spread their talents across a wide variety of creative fields, including crafts, workshops, set design, animation, merchandise, and children's television. They have published over thirty children's books in Japan. This is their fifth book in English.

We love this book! My 13 month old responds to this book very well, he smiles/giggles and wants

me to read it again. If you are passionate about breastfeeding like I am, then you will enjoy this book. My 11 year old and my mom, got a kick out of this book too. The simple pictures and story are adorable.

Cute book to give moms a laugh.

What a cute little book for breastfed babies! My daughter and i love it!

Perfect - my kids like it too!

My baby loves this book!

My breastfed baby is absolutely in love with this book.

This book resonated so well! It is the perfect breast feeding book, and just made me giggle by how true it is. Cranky babies want milk, and little else except sleep.
