In The Distance There Is Light

Synopsis

Two women lose the man they love. All they have left is each other. Sophie's life is turned upside down when her partner, Ian, dies in a tragic accident. The only one who can understand her devastation is Ian's stepmother, Dolores. Together, they try to make sense of their loss and rebuild their shattered lives. While their shared grief brings them closer, it also takes their relationship in an unexpected direction. Where does sorrow end and romance begin? Or has Ian's death blurred the lines too much? If you love deeply emotional lesbian romance with a twinge of controversy, don't miss this intense but hopeful novel by chart-topper Harper Bliss.

Best Sellers Rank: #37 in Books > Gay & Lesbian > Literature & Fiction > Fiction > Lesbian
#43 in Books > Gay & Lesbian > Literature & Fiction > Fiction > Romance > Lesbian #260
in Books > Audible Audiobooks > Romance

Customer Reviews

Harper is an amazing writer further proven by this novel. She handles a delicate situation... one expectedly mournful and transforms the lives and hearts of the main characters, Sophie & Dolores. This unlikely pairing evolves realistically and ultimately, leaving the reader thoroughly understanding how the non-biological mom of her passing son and his widowed girlfriend can fall in love with each other. Sophie intricately captures the process through deeply personal letters written to her dead boyfriend, Ian. At its conclusion, the reader wants Sophie & Dolores to embrace the inevitable -- their true, fateful love. well done

In the Distance there is Light by Harper Bliss is a wonderful emotion filled novel. Ms. Bliss takes us, yet again, on such an emotional and deeply moving journey. The author once more broadened my mind especially because the topic is unusual or maybe even a bit controversial for some. I found it a

truly engaging story and I was very intrigued by the way the story unfolded for the two protagonists Sophie and Dolores. I could feel their deep love and passion and commitment to each other leap off the page. It's a journey filled with courage to happily ever after, stories that Harper writes so well. I wholeheartedly recommend this book to everyone who loves love even in the direst of circumstances.

Where can you go, when everything you know is suddenly ripped from your life, and all you have left are the pieces of your broken-self? This is a love story from beginning to end, but it is also a story of loss and hope. Sophie has lost the man that changed her life. Now, her grief is limiting her ability to live. She tried to find shelter with her best friend, but realizes that there is only one person who might understand her struggle and could help her find her way back. After all, Dolores, Ian's stepmom, had experience putting herself back together. While dealing with their grief, Sophie by writing letter to Ian and Dolores by concentrating her energy at work, they will learn to care for each other. Their togetherness will grow, opening unexpected doors for them. Another Harper Bliss emotional story full of hope and romance; emotions that evolved out of shared comfort. While the time could be considered a bit too short for Dolores and Sophie's story to develop, the story itself is well written, presenting elements that will touch the readers deeply. A must read.

This is the best offering yet from Harper. As one who is in an age-divergent relationship, I can really relate to both characters, but the spectre of coming together because of a shared love of someone who had passed away made this a perfect book for me. I ran the total gamut of emotions in this book, from laughing out loud to totally dissolving in tears. Thank you, Harper for using good grammar, syntax, punctuation and capitalization. Your books are a pleasure to read. Annika Jan DeJaegher

Not just a significant age difference but all the insecurities that come with it. Sexuality is on a continuum and many bi-sexual and pan-sexual women often say it is not that they fall for guy or girl but the person. Read this with an open mind and you will find one of the more realistic pieces of fiction I've read in a long time

It threw me off at first because of the characters mental state, in the beginning. I didn't think the book was going to take a direction that would appeal to me but I kept reading because it reeled me in. Before I knew it I was almost done. I loved the effort that was put in to the mental health aspect

and trying to determine what you are feeling and if the feeling is happening because of a past situation or a present situation. Also the chemistry between them was amazing or was it??!! Long story short, read it, you won't regret buying the book.

A very different take on Lesbian Fiction. I really enjoyed it. But I enjoy all of Harper Bliss's books.

This is by far the best book I have read in a long time. The characters were believable. The plot was tight and thought provoking. I felt every emotion that Sophie and Dolores felt. This is an example of why I love Harper's writing.
