The Surrendered Single: A Practical Guide To Attracting And Marrying The Man Who's Right For You

Synopsis

THIS CONTROVERSIAL APPROACH TO DATING HAS GIVEN THOUSANDS OF SINGLE WOMEN EVERYTHING THEY NEED TO ATTRACT ROMANCE, INTIMACY, AND A MARRIAGE PROPOSAL. Surrendered Single doesn't have to look for Mr. Right -- she attracts him. The principles presented in The Surrendered Single are simple: When you try to control who asks you out and when a man will call, or if you try to corner him into a commitment, you drive him away. When you let him woo you instead, you enjoy the pleasure of being pursued. You feel confident and feminine. Dating becomes fun again. Marriage follows. You stop going it alone. Practical and compassionate, The Surrendered Single is a step-by-step guide that shows you how to: ASK MEN TO INVITE YOU OUT SO THAT YOU ALWAYS HAVE A DATE AVOID THE REMORSE OF "I WISH I HADN'T SAID..." BECOME YOUR BEST SELF AND ATTRACT GOOD MEN Whether you're recovering from a breakup or a divorce, are on the dating scene, or want your romance to deepen, The Surrendered Single will bring you the relationship you desire with a man you love -- and who loves you.

Customer Reviews

Cast your fears aside, ladies: in this case, "surrendered" doesn't mean "doormat"--which is not to say that The Surrendered Single might not raise a few eyebrows. Laura Doyle (The Surrendered Wife) has some pretty insistent basics for women on the dating circuit that may not always sit well with modern feminists. Don't ask him out? Throw out your mental checklist of what you want from a mate? Smile openly at every man you pass on the street? Expect that he'll pay for dinner? Yep.

And according to those who have already surrendered, this old-school stuff works. The book is easy to read; entertaining dating stories are mixed with lots of bullet-pointed lists focused on self-esteem ("good self care is attractive") and myth debunking ("no one respects flirtatious women") that range from truly helpful to slightly simplistic. Following Doyle's techniques may require a fair amount of modification on your part, but her ideas are aimed at opening yourself up to a loving, stable relationship, rather than simply angling for that ring on your finger from whatever deer you've caught in your matrimonial headlights. If you think it's time to implement some changes in your dating routine, you may find just what you need by "surrendering." --Jill Lightner

Controversial author Laura Doyle (The Surrendered Wife) turns her attention to singletons in *The Surrendered Single: A Practical Guide to Attracting and Marrying the Man Who's Right for You*. Doyle claims that since the perfect man does not exist, women need to settle. In 27 succinct chapters, she explains how to find intimacy with a man by letting go of inhibitions about the way things are "supposed" to happen. Although many will perceive Doyle's approach as extreme and overly submissive, some of her tips are effective, e.g., "treat yourself as well as you want a man to treat you" and "every romance starts with a smile." Wow - this book was truly an eye opener for me - all of the advice I suppose I should have gotten from my mom (and would probably have ignored), all together in one handy place. As a career minded, goal focused gal, taking the notion to heart to simply let go and be present in a relationship - oh yea, can't wait to try this out and see how well it works to change my traditional relationship patterns.

Not sure if it was a coincidence, but I met the perfect man for me after reading this book

wow why am i barely hearing about the "surrendered life"!!! I am so happy that i found a book that has the same beliefs I do!

I am not done with the book yet. I'm up to Chapter 15, but I just love it! It really hit hard to home with me. It helps you open your eyes. I do not agree with a woman putting herself out there and saying "Here's my number, call me." I've been uprooted too much to be the "female" as Laura agrees we should be and RECEIVE. I feel her alternative in saying that you'd like to do a certain activity as well

puts you out there as available, but doesn't put you in the masculine role. I'm so glad my friend recommended this book to me. I even motivate my friends when they get down about dating. I wish the author would have given suggestions of reputable dating services at the end of her chapter. I will definitely recommend this to my gal pals!

Best book to assist marriage

Laura Doyle is a brilliant woman, who has helped so many people around the world. Don't be confused by the word, "surrender". It's a powerful yet humbling practice. I also recommend her first book, *The Surrendered Wife*. Thank you Laura!

Great book . This is my third Laura Doyle book and each one has nuggets of wisdom and practical advice about relationships! Required reading for every woman who truly wants happiness with men. Don't let the titles put you off - they are great books.

This book is so down-to-earth! Presents principles that can dramatically change the dating experience for women who would like to be married. It's clear and loaded with illustrations and real anecdotes. So usable!
