Customer Reviews

I came across this book when I was looking for something to help with my "lukewarm" attitude about sex. My husband and I had been married for 17 years at the time. I borrowed "Everything You Wanted to Know About Sex but Were Afraid to Ask" from my friend but found some things to be offensive and vulgar. I began praying about the situation because I loved my husband and knew this was a need of his. I found *The Act of Marriage* at a Christian bookstore and as I thumbed through the pages, it really opened my eyes about some things. I can honestly say it changed our sex life in

amazing ways. We have now been married 32 years and our sex life is very satisfying. I have given this book as a wedding gift to many couples. I don't want them to have to wait 17 years to get this information! My husband is a pastor and we often counsel other couples. The "Act of Marriage" is one of the two books we often recommend. The other book is "His Needs, Her Needs" by Willard Harley. One word of caution. In the older versions of this book, the LaHayes expressed that there were cases when they felt abortion was permissible. I strongly disagreed with them. They have since changed their perspective on that.

I had to read this book for pre-marital counseling. It's a fitting book for Christian engaged couples seeking to learn more about sex and how to use sex to please each other and glorify God. It has a chapter dedicated to sex education (explaining every part of the male and female genitalia and its function). It then discusses about sex in a Christian context.

I bought this book from recommendations as I am currently engaged and I am very satisfied with the content - particularly the scripture references. I had high hopes from noticing the authors as I have read (and did enjoy) the entire Left Behind series. I was not disappointed. I also like that information provided was both conceptual and statistical. Whether you consider yourself to be a Christian or not, if you are married or soon to be, this book is worth a read.

Please realize that this book can help you please your married wife and please her on a way that if you have to ask why then you are completely defeated already. Have a great time reading this book. Quit watching videos and read this book, now.

This is a decent instructional book for Newly Weds.? It's a Christian book based on Bible principals.

If you only buy one book about sex within the context of a committed Christian relationship, this is the one to buy! It answers many questions that other books don't even bother to address at all. It includes sections on sex education that are essential for virgins going on a honeymoon (including anatomical diagrams and explanations of the function of various body parts). There are chapters for men and women to read separately and some to be read together. Would make a GREAT wedding present!

Not bad. Some good insights. But I prefer to recommend another book which quotes from this one

extensively. It is *And They Were Not Ashamed*, a more up-to-date and uplifting book.

This book is an amazing book!!!! My wife and I have been married for 1 year and a few months now. We read this book at the same time in our courting, individually. It has done a tremendous thing for us in the knowledge of marriage and the sacredness of it. Truly is an enlightening book about a Godly marriage
