Will Shortz has been the crossword puzzle editor of The New York Times since 1993. He is also the puzzlemaster on NPR's Weekend Edition Sunday and is founder and director of the annual American Crossword Puzzle Tournament. He has edited countless books of crossword puzzles, Sudoku, KenKen, and all manner of brain-busters.

The back cover of this book claims that editor Eugene Maleska was "known for his traditional style and puzzles full of dictionary words." That claim is laughable. Far too many clues in these puzzles ask for the names of bodies of water, minor literary figures and works, long-dead actors/actresses, Greek and Roman deities, exotic insects and non-native fauna, and all manner of fruits and vegetables that you've never seen, much less eaten. Sure, a smattering of tough, even obscure, clues can be the croutons on an enjoyable salad, but these puzzles are covered with bread. I greatly dislike doing crosswords with reference sources at the ready, but Maleska seemed to assume that his solvers would have a stack of them by their elbows. Still, there's a reason they make chocolate and vanilla...

Great puzzles, but lousy binding. I wish they'd realize that it's almost impossible to open these

books all the way without a SPIRAL (wire) binding. I'd gladly pay an extra buck or two for that convenience. Anyway, these are fun puzzles and fairly challenging.

I've worked this series before, many times, and I still enjoy them. They're relatively difficult, but do lean a bit to the easier side. Also, the older I get, the smaller the print seems to get; however, I can still manage it. If you require a larger print, then this is not for you.

Simply the greatest. High quality, absorbing and stimulant for the brain. In the company of Greats. And it's The New York Times!

When ever the NY Times Sunday Omnibus (200) becomes available I buy it. Since I am a shut-in the crossword puzzle is one of my routines. Thank-you for keeping my mind alert and my time a learning experience. The book was inexpensive and easy to buy through .com. The page paper is of a good stock and doesn't dry out my hands as rougher stock does. The size is also comfortable whether I am in bed or not. I love that these puzzles have a title to think about and how the title fits to the clues. Ah, I do love my NY Times Sunday Omnibus (200) crossword puzzle book.

Some puzzles partially filled in, as advertised. Very well packaged.

I canceled my Sunday paper. From now on, I'm only buying the crossword books!

Wife and I do crosswords as a team, sitting side by side. We love these Omnibus books, but we're about to run out. You can get "used" ones for next to nothing. Folks try a few and give up, apparently, and someone collects these and sells them on .
