Synopsis

JT Hunter is the bestselling author of The Vampire Next Door: The True Story of The Vampire Rapist, John Crutchley, and The Devil in The DarknessHe was the friendly, baby-faced, Canadian boy next door. He came from a loving, caring, and well-respected family. Blessed with good looks and back-woods country charm, he was popular with his peers, and although an accident at birth left permanent nerve damage in one of his arms, he excelled in sports. A self-proclaimed “die hard” Calgary Flames fan, he played competitive junior hockey and competed on his school’s snowboarding team. And he enjoyed the typical simple pleasures of a boy growing up in the country: camping, hunting, and fishing with family and friends. But he also enjoyed brutally murdering women, and he would become one of the youngest serial killers in Canadian history. Website - www.CRIMESCANADA.com

Customer Reviews

In this book of the "Crimes Canada" Series, author JT HUNTER tells the story of another cold blooded, evil man! Like his other books, it's done in Hunters easy to read and hard to put down style! Cody Legebokoff was young, handsome, came from a good family and actually had a pretty decent childhood! It would be hard to imagine him capable of murder, but to find out he was actually a serial killer that in the end got him convicted of his horrendous crimes, just kind of catches you off guard!

I thought it was a very good read! Very sad for family and victims! Wish Cody would of spoke up like a man and confessed to where the other girls remains are so that family could have some peace finally!!

He's a creepy little killer, but he doesn't hold a candle to America's best. Still a good read if you like true crime.

I think this case ended a serial killer's chance to commit more murders for a few years. But what will happen if he is released after serving such a light sentence? I believe he will take up where he left off, and more women will lose their lives. He should have been given a true life sentence without the chance of parole.

Absolutely one of THE WORST true crime books that I have ever read. I almost wish I could give it negative stars. No wonder it states that "this book may not be resold or given away to other people"...that's the only way they can continue profiting from this travesty masquerading as a book. If they'd used a regular sized font and space between paragraphs, it would have mercifully been half of the 169 drawn out pages. As for the author...yeah, I think if I'd written this, I'd pull my hat down to cover my face in my photo too. SMDH.

This appears as part of a series of real crime documentation. Reports and interviews help to describe and analyze the crime. The young killer/psychopath in this book might have escaped detection had it not been for intersecting duties of faithful officers of several police and regulatory jurisdictions.

I would like to read more about this killer. More in depth detail, because it is horrifying that someone so young and blessed in family and friends could be this demon.

Five stars because I their isn't an option for more. The hairs on my neck and arms stood up reading this intense story. Well told!
