Hurwitz Clinical Pediatric Dermatology: A Textbook Of Skin Disorders Of Childhood And Adolescence, 5e

Synopsis

This must-have clinical reference, by Drs. Amy S. Paller and Anthony J. Mancini, provides practical, authoritative guidance for identification and management of all types of skin disorders seen in children and adolescents. Hurwitz Clinical Pediatric Dermatology, 5th Edition, is ideal for pediatricians, dermatologists, family practitioners and anyone who sees children with skin disorders – no matter what level of experience you may have. Benefit from the knowledge and expertise of two leaders in the field, who provide a clearly written, consistent approach throughout the text. Stay on the cutting edge of what's new in pediatric dermatology – from the neonate to the adolescent - with the latest drug developments and disease classifications. Recognize virtually any skin condition you're likely to see thanks to more than 1,000 high-quality color images, including over 300 brand new to this edition.

Customer Reviews

2016 BMA Awards: First Prize, Pediatrics "This is a respected pediatric dermatology reference that continues to deliver."- Patricia Wong, MD for Doody's Review Service

good information

A newer edition of a classic work. It downloaded to my iphone just fine

many good examples. glad to have it as part of the Same Day Care practice library

Standard for pediatric dermatology. Easy to read and review and find interesting rash of patients in your office.

Excellent reference
