## Customer Reviews

Anayet Chowdhury CEO & Co-Founder of Argo Brothers is an author, entrepreneurial thinker, and educator who has helped thousands of students gain acceptance into top colleges and high schools. Anayet discovered his passion for teaching in high school, where in his free time, conducted cancer research at Memorial Sloan-Kettering Cancer Center. His cancer project was awarded multiple gold-medal awards and had the opportunity to present his research to President Obama. Anayet is also a Founding Board Member of Teptu, a non-profit organization aimed to find

the most innovative students in the realms of S.T.E.M research and sustainable entrepreneurship. Anayet sits on the board and serves as an investment advisor to several startup companies that are in the e-learning and tech space. In his spare time, he enjoys learning to play the guitar and piano. Vladislav Suleyman CTO & Co-Founder of Argo Brothers is an author and serial entrepreneur who has developed several educational software solutions to help students around the world. Vladislav started his first entrepreneurship venture in Central Asia where he was very successful in introducing ECO Cleaning Systems to private hospitals and organizations. Today, he is an educator and motivational speaker, dedicated to making a difference for students who are struggling and cannot afford a quality education. Vladislav is an avid yoga enthusiast and regularly practices the art of meditation. Eduard Suleyman

This book was loaded with errors. Of most concern, both HPST tests had pages that were incorrectly loaded in the book resulting in incorrect number sequencing (eg, # 44 might be followed by #57) and errors in the time frame placement in the test (eg, the second page of a section instead of the beginning page). On one of the two tests, the quantitative section allowed 45 minutes for completing the 52 problems, when the test only allows 30 minutes. . Such errors resulted in significant confusion for a kid trying to take the timed test. Since we were only interested in using the HPST tests, can't say if the same was true for the others. Very bad quality control!

Item arrived on time and is good practice.

Bought this book for one of my students I am preparing for TACHS exam. Great book if you are looking to raise your score, the questions mimic the real exam and the book includes all the grammar rules you need to memorize to really ace the language portions of the TACHS exam. The HSPT exams included in this book is actually also great even if you are just studying for the TACHS exam. The curriculum for both exams are parallel, they only differ in the arrangement and type of questions the exams ask. Highly recommended book!

I wish I could give this book zero stars. As many other reviewers pointed out, the book is full of grammatical errors, mis-numbered answer sheets and flawed math problems. My child was so upset after taking one of the HSPT practice exams that I went back to look at all of the questions and discovered a ridiculous number of glaring mistakes. It turned out that the problem with my son's score wasn't his lack of knowledge, but rather the fact that an astounding number of the answers

were incomprehensible. I would strongly discourage anyone from purchasing this book.

I work for a small boutique tutoring company and we have ten 7th graders who are interested in gaining an admission into one of the Catholic High Schools. We recently ordered copies for our students and are very satisfied with the practice questions. As mentioned by other reviewers, some sections of the exam in this book are harder than the real exam sections which has been working quite well to boost our students' confidence. Great review book for the HSPT exam.

Abysmal is to terrible as this book is to study guides. I just spent two hours reviewing the 'wrong' answers my child got on the practice test. But guess what? Time and time again it was the book that was wrong. I'm not quibbling about a single typo, it's systemic failure to fully review the practice test and corresponding answers and explanations. The version of the book I have says "#1 Trusted Test Prep". Now Argo has completely lost my trust.

This newly released Catholic High School Entrance Exams (TACHS /HSPT) 2016-2017 Test Prep (Argo Brothers'®) test prep book is great! It includes a comprehensive manual, but more importantly it has 3 practice tests of HSPT and TACHS Exams, which is a great advantage comparing to other test prep books since they include only 2 exams of each. If you are looking to raise your score, I would recommend using this book!

Seriously, do not purchase this book. There are so many errors in the verbal skills and language sections that make it nearly impossible to find the correct answer within the multiple choice sections. There are misspellings, typos, and grammatical errors that confuse the child trying to take the sample test. Do yourself a favor and find another book. I ended up buying Peterson's to replace this one.
