Real Sexy: The Real Dirty Duet, Book 2

Synopsis

Country music star Boone Thrasher has never walked away from a fight, and he's willing to put everything on the line to win the woman he can't live without in the conclusion to the Real Dirty Duet by USA Today best-selling author Meghan March. In Nashville, country stars are a dime a dozen. I swore I'd never get caught up with one, but Boone Thrasher made a liar out of me. I said I'd never put my heart on the line, but he didn't ask before he stole it. Now we're facing my worst fears, and we'll see if this country boy is tough enough to see it through. Girls like me don't get happily ever afters...but maybe he'll prove that wrong, too.

Customer Reviews

Round of applause for Meghan March's strong, sassy women and the sexy, swoony alphas that love them! Meghan March continues to wow with this smokin' hot duet. Real Sexy is the perfect, captivating, sexy conclusion to Boone and Ripley's story. It picks up where book 1, Real Dirty, left off (Ah! that ending.) answering all the questions left behind by book 1. Oh my goodness! I loved this book so much! I was completely addicted. My favorite thing (you know, besides the sexy men) is that Meghan March always has an element of mystery and twists in her stories that grabs your attention and doesn't let go. She is never boring. If possible, I fell for these characters even harder than before. Who wouldn't love a man who's swoony, talented, protective, sexy, family oriented, and an all around good man? Boone Thrasher is all that

and more. The way he loves and cares for Ripley and his dedication to show her how perfect they are together melted my heart. I heart him so much! Of course Meghan March has provided me with another girl crush. I love Ripley. Strong, feisty, stubborn as can be. Growing up with tragedy, she is determined to make it on her own. The connection between these two is intense and it just works. They fight each other. They fight for each other. It's magic. I will never never never tire of this author's books. NEVER! I highly recommend picking up this dazzling duet. Must read Real Dirty first.

When the police came calling on Boone Thrasher, right in the middle of his concerted efforts to woo the beautiful but understandably reticent Ripley, no one could have predicted the events that would ensue. Of course thoughts immediately turned a recent incident of questionable legality involving a parrot with an unfortunate command of the English language. Boone gets taken away, Ripley runs (as best she can with a badly sprained ankle) and Meghan March sets things up for the guy to chase the girl and the girl to find herself running into situations she never dared imagine. Places where long long repressed dreams are reignited, where unexplained mysteries are uncovered, and the ever unanswered questions that had festered for far too long in a young girl's heart, finally get addressed. I just loved how this second half of Boone and Ripley's duet, while covering all of the ground one might have expected, also ventured off into unexpected territory with twists and turns that kept me guessing each step of the way, and welcomed cameos of much loved characters from earlier works set in the same universe. Ripley's drive, determination and insistence upon her own independence couples with Boone's alpha tendencies to want to protect and provide set the scene for fireworks, and Real Sexy doesn't fail to deliver on the promise embedded in the title.

Real Sexy by Meghan March is the second and final book in her Real Dirty Duet. This is the conclusion of Boone Thrasher & Ripley Fischer's story. Told in dual POV this book has romance, steamy sex, suspense, and a Happy Ever After. We also get to see a bit more from characters from previous series such as Creighton & Holly. Picking up with Ripley's POV after Boone was taken away we dive straight back into the story from book one's cliffhanger ending. These types of reviews are always harder to do as I hate to leave spoilers here for what happened in the first book, let alone in this book. The pace was fabulous, as always. The story was well-planned and flowed beautifully. Meghan March is on my MUST READ list of authors and this book is no exception to that rule. Read book one, Real Dirty, first or else this won't make much sense. Enjoy!

Meghan March, this book.... this series..... swoon!!While I absolutely fell in love with Boone in book 1, this one solidified my love for him. The depth of his character was further developed in this book and oh his charm -- swoon. Ripley's character absolutely blooms in this one. Her growth and her strength is mind blowing and I loved watching her grow and find what and who she really is. Their love story is truly the best and I loved the little twists and turns you built in within this story. Throughout the story I was smiling and a couple of points where I felt my heart being tugged on. You have written another book of perfection and this should be on everyone's must must must read. However saying that you have to read book one, this is not a standalone.

Real Sexy is the conclusion to Real Dirty, Boone and Ripley's story. If you read Real Sexy which I sure hope you did before reading this review, you will know that Boone gets arrested... Boom boom boom! What the hell happened now? Seems like the rockstar Boone just can't catch a break! First his girlfriend disappears only to wind up married to someone else, then he gets Ripley's bar shut down with all the violations and now the big slammer! Hopefully he isn't in too much trouble because I was so excited to see where things would go between Ripley and Boone! The girl has problems of her own but with Boone around, he's the one that makes her heart beat faster than ever but he's also a celebrity. Will she finally get over that little fact and try to see what could happen with him or will she drop him? So many questions will be answered, especially the mystery with her mother! If you love a rockstar, Boone is one you have to read because this man isn't all bad boy! He has a heart of gold and when he loves, he loves with his whole heart. Ripley is one of those chicks you can imagine yourself being friends with because she doesn't take crap from anyone, she is one feisty gal! I absolutely love it when I see old characters and I was hanging off every word when I saw them surprise us in Real Sexy. I won't say who makes a debut but if you loved Ms. March's other stories, you will be excited as well. 4 rocking stars for a real sexy rockstar!!!
