Love all of his books, but this one really stood out for me. This isn't a couple hundred page book that has two or three pages of actionable material surrounded by fluff to make it long enough to

publish. Every chapter and page I took away great ideas, or it made me pause to reflect. As always, when the author reads his book, it just resonates that much more. He has a great way about him!

I really enjoyed this book. I learned a lot about myself and doing things to purpose my life daily. I've never met Mr. Maxwell but I hope to meet him one day. This is an excellent book!

John Maxwell is always inspiring. While this book is not as inspiring or practical as his earlier books of which there are many excellent ones, it still refreshes my soul to be reminded why we get up in the morning.

This is one of the best books that Dr. John Maxwell has written. I highly recommend it as a help to leaders and especially to seasoned leaders. The seller did a great job in packaging. Purchase and shipping prices were excellent.

You will be empowered and your goal will be that much more significant as you see yourself as being significant

Much less meat in this book than in his previous works.

You never go wrong with a John Maxwell book for Father's Day.....or any day.

On time as expected
