Customer Reviews

Beatrix Potter loved the countryside and spent much of her childhood drawing and studying animals. The Tale of Peter RabbitÂ, published in 1902, was her first book, expanded from an illustrated letter she had sent to a young friend. Beatrix Potter went on to publish more than 20 tales and collections of rhymes.

I'm disappointed with the minuscule size of these books. I've considered other books, including Winnie the Pooh, and nowhere is there any reference to the dimensions. Why is that? I would have looked further for a little larger version had I been warned. The other problem is the phrase "naturally better". I have no idea what that means. Is this some modern editor's version of the

stories? I have not unwrapped the books, so I am considering returning them. I could live with the size of the books, but not a "cleaned up" version of Beatrix Potter's own words.

This is a perfect gift for my grandniece!

Love Beatrix Potter

Bought two box sets. One was fine but the other box was slightly damaged at the top. It was torn. The books were fine, just the box was damaged. I bought both sets as gifts. Would it be possible to get a replacement box for the damaged box? Thank you, SSmith

Bought for a gift to give at a Baby Shower... I hope they like them. I think that they are just adorable little books. Good quality.

Great Granddaughter loves them

Great set of books for children. They are small in size which makes it easy for children to carry around. We were familiar with the books since we borrowed them every chance we could from our local library. Stories are a little long for young children, but be creative and shorten the story. My girls (3 and 6 years) love them and retell the stories to me!

I loved the story of Peter Rabbit as a child and I bought this little set for my friend who is due in June. She loved them and said she remembered them as a child too and the illustrations are adorable. It's great she can pass these stories to her child.
