## Customer Reviews

I love this planner! For 2017 I used a Moleskine daily planner, which I also liked but quickly realized I didn't need quite that much room for each day. For 2018, I knew I wanted a weekly planner and wanted to stick with Moleskine as I like the quality of the item and knew it would fit perfectly in my bag. I was very excited to see the Alice in Wonderland editions of the planners this year and had a hard time picking my favorite. The cover is more of a fabric/weave instead of the traditional material they use on their regular planners. My only concern is that this may get dirty since it is white and be difficult to clean because of the fabric-like material. And, as always with Moleskine planners, I wish the pages were thicker, but I can't complain too much about that because I knew that going in. Overall, though I haven't actively used it yet because it is not 2018, I love the planner, and am

very happy with my purchase. The layout looks good, and I can't wait to start using it.
