Customer Reviews

Meal prep is one of those necessary evils for me! It takes a lot of planning on the front end, but you can reap the benefits all week long! After many Sundays spent trying to perfect the science of meal prep, I've found a handful of recipes that just work better than others to stay in the

refrigerator or freezer all week long, so today I'm sharing how to meal prep, along with tips and tricks. I am intimidated by cooking, luckily there are tons of sneaky tricks that can help make assembling delicious meals a cinch. From easy breakfast options to methods for whipping up meals in bulk, this book has got expert tips to set yourself up for a fuss-free and healthy week. Whip out your favorite plastic container (we're loving these leak-proof options) and get started. But if you love the convenience of prepackaged foods and restaurant meals, it might be hard to go cold turkey on your take-out routine.

This book is ideal for individuals who don't have much time to set up their dinners. It contains an extensive assortment of formulas. All formulas in this book are spared with basic fixings with simple cooking bearings. The formulas incorporated into this book are extremely flavorful and cherished by the majority of my relatives. The methods gave on these pages, and in addition the proposal it assembled, are worth much more than five stars and I would view this book as an extraordinary deal at double the cost.

This is a wonderful guide book for weight loss and a healthy life. This book is perfect for people who don't have much time to prepare their meals. It contains a large variety of recipes. All recipes in this book are saved with simple ingredients with easy cooking directions. The author gives us also helpful rules of successful meal Prep. His recommendations are very informative and detailed. I liked this book. I recommend this book to anyone who wants to be fit and healthy.

Impressive! This book is full of great and healthy recipes for meals. All of the recipes are very organized and easy to follow. These recipes are definitely not boring and if you are ready to lose weight like I am, then this is the book for you. Indeed, This is a great book on meal prep recipes and I really needed some help with that. Now I finally know how to make healthy recipes, thanks to this great book!

The first thing I have noticed of this book is the great looking decoration and style. Then gradually I fall in love with this book when I find the effectiveness of the tips and guides provided in this book, they are very precise and to the point and worthy to follow. The recipes included in this book are very delicious and loved by all of my family members.

This cookbook is awesome! It has a large variety of recipes. Recipes are yummy and easy to

prepare. All of the recipes will take less time to prepare. They are modestly enough to make, and deliciously will impress your friends and family. Entire recipes in this book are kept with simpler ingredients along with easy cooking directions.

Five stars? Is that all I can give? Really, this book deserves so much more. The techniques provided on these pages, as well as the suggestion it gathered, are worth far more than five stars and I would consider this book to be a great bargain at twice the price. Keep up the excellent work, Gareth Jaiden. Highly recommended.

This is a amazing book for a daily routine it has all the basic and new ideas how to make meals with perfection and nutritious as well. It also suggest how to store each kind of food so, it doesn't get spoil. The Meal Prep has all the recipes starting from the breakfast followed by lunch evening snacks and dinner. It make everyone's life easy.
