The popular Brain Games series was developed to help people increase their memory, sharpen their reasoning, and expand their creative thinking. Solving the crossword puzzles can help you keep your mind in tip-top shape. People of all ages will enjoy this challenging mental workout.

The second edition of mildly challenging crossword puzzles in large print. Perfect layout, one puzzle per page, stays flat for easy writing, thanks to the spiral binding. High quality paper, which doesn't fall apart or smudge when erasing pencil marks. I wish there were many more books like this! Unfortunately, I can find only 2, this and one other, and now my mother has completed both! There are word-find versions, which are not the same. I hope they come out with more soon.

I buy these books for my dad as they are large print and offer a medium difficulty. I only wish the author would write more of them! Recommended.

The puzzles didn't make sense--too immature

Nice puzzles, and it has good paper and lays flat.

While this is a convenient size book for traveling and fits nicely into a computer bag, some of the puzzle clues were incorrect. Very annoying.

I've always wondered how a person for whom English is a second language would do our very slangy American English Crossword Puzzles. These puzzles don't rely heavily on slang, but it pops up and sends me down memory lane (I am of an age with many memories of movies, books, and songs that "spoke to my generation".) These puzzles are not no-brainers--it makes me access words and names that I haven't thought for decades and that makes these nostalgic mental challenges. I love it. The large print really does help me focus on the puzzle, not on reading the clues. This whole series of large print crossword puzzles is a blessing!

The print giving the clues are not what I would call large print. Wasn't all that satisfied - gave them away

It says Large Print, but the person for whom I purchased it said he couldn't read it. I think they should put specs in their description so we don't waste our money. I needed very large print, not "a little bigger" print.
