This is a great book on Fire Stick. All of the things, tips and guides that I need to know about how to Unlock Fire TV Stick are already included and well written inside. Anthony Weber has done an

incredible awesome job in compiling and creating this book. Also the unique part of this book is the compilations of the "Alexa Voice Remote functions: utilizing the Alexa Voice Remote to quickly find what you want to watch & Customizing your Fire stick to fit your needs. Very informative, useful and well explained. This book is really a great resource for those who want to learn more about Fire Stick. The book is worthy of attention!

This book is really amazing and useful book. I just love this book. It's really super. Highly recommended. Boost to buy it

I found this book to be a good read since I was unsure of what the Firestick was really all about. So I borrowed this book from my brother and I'm glad I read this book before I started setting up my FireTV Stick. Not only did it help with understanding the setup process of the stick itself, it also described some of the apps available, some of their functions, and roughly what is involved in setting them up. I'm ready to get started!

Fire Stick should get this book. It's a perfect step-by-step guide with straight directions and helpful pictures, very useful. It helped me maximize my fire stick. I would highly recommended to read this book everyone.

Too many other stations from fire stick charge for their use. Prices are too high. Otherwise, using the voice fire stick on Netflix & Prime!
