Let me help you know what this is good and not good for:-Good for a guidebook of phrases to use should the need arise and you have the phrasebook in your pocket-Not good for learning Nepali as it is not at all a systematic intro to the language, and I was told by a Nepali speaker that the phrases are not worded the way it would be said typically.My advisement: Get this book and keep it with you because it contains potentially needed phrases and vocabulary you wouldn't learn from a beginner's course on Nepali. And also buy a beginner's course on Nepali to learn some basic conversational skills.

very handy.small enough to fit anywhere. im a nepali an i bought it as gift for some one. i read it aswell, and its accurate. good if u want to learn quick phrases.

Exactly what I needed but should be printed in larger types to allow users (who want to learn how to write in Nepalese) to copy down such a complicated script.A CD of the pronunciation of the sentences would be very welcome too.

I have 3 books on Nepali for beginners. This one is the best one so far.

I have found the Nepali Phrasebook very handy there have been some updates which have proven to be very helpful in conversations with Nepali people. I would recommend it to anyone who is traveling to Nepal.

Very handy

Easy to carry around.
