MARK CUBAN - The Life & Success Stories Of A Shark Billionaire: Biography

Synopsis

SPECIAL DEAL!!! Buy the paperback version of the book NOW to receive the kindle version (\$2.99) for FREE! Born in Pittsburg, Pennsylvania, Mark Cuban would go on to become one of the biggest players in the investment and business sectors of the United States of America. He displayed a penchant for business from a very young age and wasted no time in rising to the top echelons of the business world. Today, Cuban is the owner of the NBA club Dallas Mavericks, Landmark Theaters, Magnolia film production house and AXS HDTV network. Mark is the primary investor in the ABC reality TV series, *Shark Tank*. He also authored a book titled *How to win in the sport of businesses*. Throughout this book you will learn about the life and success stories of a *Shark Billionaire*- Mark Cuban. From his earlier life to how he has successfully built his empires.

Customer Reviews

I've first heard about Mark Cuban and the sports teams that he owns and it's quite interesting to know how he's also been so successful in his other businesses in other industries. The book is well-written and presents Mark's journey in a very interesting and inspiring way that it already is. It's always nice to read stories about successful people and I'm looking at reading other books from EF and the author - good job!

I've first heard about Mark Cuban and the sports teams that he owns and it's quite interesting to

know how he's also been so successful in his other businesses in other industries. This book really interests me for I had high hopes that I could be like him of being a great and successful entrepreneur of today's time. He's a good guy, he earned where he is.

I'm a super big fan of Mark Cuban. The book details his life, from experiencing childhood in a white collar class Jewish family to what made him the candid and frequently amazing very rich person he is today. The book is loaded with interesting certainties you most likely didn't think about Mark and every reality is referenced to give legitimacy. I highly suggested this book to any person who needs to take in more about Mark Cuban or is searching for understanding into what it takes to be an effective business person.

This book is undeniably inspiring. The life of Mark gives encouragements to young aspiring business leaders, proprietors and beginners. There is no such an overnight success. However dedication, focus and careful response on your endeavors are your core to success. I am not shocked if an Jew successes. They're peculiar in a good way.

I first came to this book to use for a speech I had to make about Mark Cuban. I thought that purchasing this book would give me much more insight into his life than what you could find on Wikipedia or Biography.com. That simply was not the case. I got duplicated information that I could easily find on the internet without having to pay \$15 for. If just the information was the issue I would've given it a 2 star, but there was a lot of spelling and grammar mistakes. If I am spending \$15 on a book, then this lack of professionalism is simply unacceptable. I don't recommend this book to anyone looking for deep insight on Mark Cuban.

This book covers the topic of Mark Cuban and his success. This book really interests me for I had high hopes that I could be like him of being a great and successful entrepreneur of today's time. This book is an inspiring story that we could get lots of lessons.

It read like a long wiki page with misspellings. I was expecting to learn much more than what is almost common knowledge about him. Probably my fault since I didn't research more about the book.

Not worth it for the price! Such thin book with huge texts. Better off getting it as a free E-book.
