"If you're looking for the definitive reference book devoted to die-cast model cars, look no further than the "Standard Catalog of Die-Cast Vehicles. This identification and price guide covers the hobby more completely than any other book currently on the market, providing authoritative company histories and up-to-date pricing for the most popular brands in die-cast. Karen O'Brien is a book editor for Krause Publications and a lifelong toy collector. She is also editor

Extremely useful guide.

this hefty tome covers the lower end of the market with nothing much for the serious collector of quality models.

First of all, I HATE the BIG UGLY picture of American Car Racer...do not know his name, on the cover of the book. Second, I hate NASCAR and Cheap political HOT WHEEL junk I do not even care for looking at. The book should focus on HIGH QUALITY COLLECTIBLE BRANDS ONLY. What a waste of paper~!!!
