Warnes (the Little Tiger books; *It Could Have Been Worse*) delivers a charmingly illustrated rendition of this favorite children's song starring a close-knit family of bears. As the song lyrics begin "Jesus loves me!/ This I know,/ for the Bible/ tells me so," Papa Bear reads *My First Bible* with Little Bear while cozy in bed. Subsequent chipper scenes follow the bears on a fishing excursion, gathering eggs and painting them for Easter, and going out for an evening marshmallow roast, with just-baked cookies in tow. The bears have a cuddly, friendly demeanor that's sure to endear them to a wide range of readers. According to the flap copy, Warnes's wife and son inspired the Mama Bear and Little Bear characters. Musical notation and the lyrics of three verses to the song are included on the closing pages. All ages. (Feb.) Copyright © Reed Business Information, a division of Reed Elsevier Inc. Kindergarten-Grade 2 -- Warnes has illustrated this beloved children's hymn with heartwarming depictions of three bears enjoying a variety of activities in their idyllic forest home. The pictures make it evident that the big, shaggy parents dote on their adorable cub. Together, they work in the garden, tend to the chickens, and go fishing. The father bear reads Bible stories to his

child at bedtime, and mother bakes cookies with the tyke. The bears also color eggs to share with the other woodland creatures. Lines from the song are incorporated a few at a time into the spreads, appearing sometimes as dialogue balloons. The pictures, which are rendered in acrylic, water-soluble crayons, and ink, are suffused with the gentle light of a spring morning. The soothing greens and blues of the forest scenes and the warm tones of the bears snug home reinforce the reassuring message of the lyrics. The pictures tell a story of a loving and reverent family, and children will identify with the friendly characters. The musical score is included at the end of this delightful, finely illustrated work. --Linda L. Sweet little book. Bought for a two year old who'll probably appreciate it more when he's a little older.

We were awarded custody of our granddaughter about the time she turned 2. This book helped so much in our bonding and quickly became her requested favorite. While she was learning Jesus loves her, she also was learning Grandma and Grandpa love her ... through activities and seasons of life. The illustrations are so relatable and lended themselves to discovery questions about who she is. I buy this book regularly for moms to be and new moms.

The wonderful pictures show "mini stories" that show the bears doing fun and caring things together as a family. The pages themselves are good quality too.

My three year old loves singing Jesus Loves Me. I thought I'd get her a book with it in it. I love all the verses, and the book and illustrations are beautiful. The book is gold lined and the illustrations are really cute. My three year old loves animals and enjoys looking at her book. . . . though they really don't have much to do with the lyrics.

This is a precious version of Jesus Loves Me - with its multiple verses. The bear family is adorable and the book is very sturdy. Great buy for baby showers!

Beautifully illustrated story of the Jesus Loves Me Song. Gold edged pages and padded cover makes this book a beautiful gift for little ones - this one is for our grandson's baptism. Much better than I expected - I am very happy with this purchase.

Bought this for my nephew's new baby boy. He has read it to him several times already. My nephew loves it & says his son gets real quiet & just stares up at him while he's reading. Used to sing this as a child. Good little book.

We first found this book at the library and checked it out multiple times and memorizes the two additional verses the author adds to the traditional song. The pictures are so cute. I just ordered this copy for our new nephew.
