Not as Schumann wrote it. The notes are the same but the fingering is simplified. It doesn't produce the same sound when played. My piano teacher gave me a copy of her Peter's Edition. It's harder to play, but she said it's the version that any true pianist would play.

This music is so lovely. I am thrilled to have my daughter learning to play these gentle, soothing pieces. They would be beautiful for evening time and readying children for slumber. Mr. Schumann may not be as well known as some other romantic composers, but it is not because his music is lacking! Don't omit this beautiful collection from your music study!

Beautiful pieces by Schumann. Gave as a present to a friend who is arranging the pieces for guitar. If you like Schumann, you will love this book.

As advertised and expected :-)

Great Schumann pieces.

Having started piano again in my seventies, I have begun to tackle these lovely Schumann pieces. I have not compared with others, but found this edition works fine for me.

What can one say about a piano score. I have always liked the yellow covers of their well done scores.

A wonderful book of Schumann's Kinderzenen. All lovely.
