# Frommer's Montana & Wyoming (Frommer's Complete Guides)

## Synopsis

In this exceptionally detailed and in-depth guide, our author takes you outdoors for gorgeous hikes, wildlife viewing, thrilling white-water rafting, world-class downhill skiing, horseback riding, and more. From authentic dude ranches to stunning Western-style B&Bs to secluded campgrounds, you'll find the very best places to stay throughout the region, in all price ranges. With Frommer's Montana & Wyoming in hand, you'll see all the highlights, from glorious vistas of the Tetons to the eerie expanses of Little Bighorn, from lush valleys that hold blue-ribbon trout streams to the majestic elk and buffalo herds of Yellowstone.

ISBN-13: 978-0471778189

Product Dimensions: 5.1 x 1 x 7.9 inches

Shipping Weight: 13.6 ounces

Average Customer Review: 4.1 out of 5 stars 17 customer reviews

Best Sellers Rank: #2,705,734 in Books (See Top 100 in Books) #54 in [Books > Travel > United States > Montana](#) #55 in [Books > Travel > United States > Wyoming > General](#) #3450 in [Books > Travel > United States > West > Mountain](#)

## Customer Reviews

Experience a place the way the locals do. Enjoy the best it has to offer. Frommer's. The best trips start here. Everything you need to know to experience the best of Glacier, Grand Teton & Yellowstone national parks. Outspoken opinions on what's worth your time and what's not. Exact prices, so you can plan the perfect trip whatever your budget. Off-the-beaten-path experiences and undiscovered gems, plus new takes on top attractions. Find great deals and book your trip at [Frommers.com](http://Frommers.com)

A Denver-based freelance writer, Eric Peterson has written and contributed to numerous Frommer's guides covering the American West, from Montana to Texas. He has also recently written several coffee table books and *Ramble: A Field Guide to the USA*

([www.speckpress.com](http://www.speckpress.com)). He worked in the Yellowstone laundry plant in Gardiner, Montana, in 1992 and can't keep himself away for very long.

The guide itself might have been worthwhile, but the INDEX was TERRIBLE!. If I knew the precise names of possible sight-seeing spots, then I wouldn't need a guidebook. Here's a great example: Wyoming is known for having an extensive amount of dinosaur fossils, but you won't find any mention of dinosaurs in the index --- unless you know the name of a dinosaur museum!! This book was abandoned in a hotel room (I apologize to the cleaning staff who ended up throwing it out), as there was no point in taking it on the remainder of our trip. Good thing I got the book used ...

There are lots of great recommendations here. Very useful for planning an itinerary. Lots of the restaurants it recommends are closed (we went to Montana and Wyoming about 9 years after the publication date of the book), but the recommended restaurants that were still in business were all very good. I look forward to the next edition because we definitely plan to go back to Montana and Wyoming some time!

I downloaded this onto my Kindle a week before a trip to Glacier National Park, and I was so glad I did! It saved us a lot of money right off the bat by giving us a tip about Access Passes to the national parks. We had no idea that my husband's disability would enable us to get into the National Parks and some other attractions free. He got the passes before we left town. It also saved us time and money by evaluating the hotels all around the park and in Whitefish. It gave the hours of operation and costs of many attractions which was very helpful in deciding what to do and when to do it. I would highly recommend it to anyone traveling to Montana, and I hope to use it next year for a trip to Yellowstone!

a comprehensive and clear book for Montana and Wyoming - great tips for the tourist - easy to handle , really in deep information

Perfect for our needs

Read this book before heading to Yellowstone and could not have been better! It's nice when you travel and you feel like you have been there before, just from reading the information provided in the book. Recommend to anyone who is headed to the Big Sky country.

Just wish it was more up to date. Frommers writes the best guides.

These 2 wonderful National Parks are a must see and Frommer has it down pat.
