Armen And Lori's Kauai Guide

Synopsis

****Updated August 2017 with over a dozen new and updated sections**** So you're headed to Kauai! You're going to love it. But don't you wish you had some friends who could tell you their favorite things on Kauai, including some places that aren't even in the other guidebooks? Well, imagine we're sitting down with a glass of wine or a cup of coffee and chatting about how to make your trip to Kauai awesome. That's how we want our guide to feel. We're from Seattle, but we've visited Kauai many times - we've actually lost count! We even lived there for a few months. Each time we visit Kauai we enjoy trying new things, seeing new places, and asking locals for their suggestions. Our visits always include a mix of familiar favorites and delightful new surprises. We take our best experiences and put them into this guide for you. For a comprehensive book, we recommend The Ultimate Kauai Guidebook (UKG) by Andrew Doughty. It's a great reference with tons of good information and accurate directions. But it is a lot to absorb! Use our guide to focus on our shorter, personal list of great stuff. We have some specific recommendations that aren't in the UKG, and we have a different opinion on a few things too. We cover restaurants, beaches, shopping, hikes & walks, activities, car rentals and driving tips - everything you need to know to have a great time on Kauai. We try to make our guide personal and fun. We hope you enjoy our guide and your trip to Kauai! Aloha, Armen and Lori

Customer Reviews

There's a lot of great detail in this book, but I feel like it is more geared towards someone staying on the south side of the island (we are not). They do touch on things in other areas in each section of the book, but there is just not the same level of detail. Still, overall, a informative guide giving you information you may not receive in a larger guidebook.

A great companion to The Ultimate Kauai Guidebook by Andrew Doughty that fills in the cracks and gives you tips on finding those hidden treasures you might normally miss. It's a quick read with personal stories and humor that you can easily refer to on your eReader or Kindle app on your phone. This book made me want to go back to Kauai immediately and seek out the fun little spots we completely overlooked before. Since there's stuff in here not mentioned by other travel books, you can easily find the less touristy things that only the locals know about.

Having visited Kauai for the past 20+ years and being a regular purchaser of books on the island I enjoyed the personal touch Armen and Lori provided in their Kauai Guide. It has some insights not available in other publications and is delivered in a folksy and very readable manner.

GREAT resource in combination with the Ultimate Kauai Guidebook - just as it was intended :)
Thank you Armen and Lori for an insightful, helpful, and comprehensive (while also being succinct) guide!

Gives a good overview of the island,its beaches, scenery and things to do . Not a full guidebook however .

We took Armen and Lori's Guide with us to Kauai over Christmas and New Years 2015-2016 and we found it indispensable! We also took The Ultimate Kauai Guidebook with us. Since we are "mainlanders" we appreciated Armen and Lori's more detailed explanations of some of the material

in The Ultimate Kauai Guidebook plus somehow it just seemed better suited to us. We stayed at Waikomo Stream near Poipu thanks to Armen and Lori's Kauai Guide recommendations and we LOVED it! Great value, super clean, like an oasis in a hidden jungle (there were big bunches of bananas hanging from the trees right outside our window) and easy walking to beautiful shops, awesome restaurants and lots of great beaches. We tried all the restaurants they recommended and we agreed with their assessments on all of them. Besides having a sort of mainlander's flavor to it, we were happy that they had added some secrets that didn't appear in The Ultimate Kauai Guidebook. One of those secrets was a little cove just a 3 minute walk from our condo where turtles came in close to shore at dusk and it was magically peaceful and captivating. Plus it turned out that secret cove has some unusual underwater topography and great snorkeling too! We were also incredibly thankful for advice on planning - there are roads to avoid at certain times of day! All in all this was a GREAT up to date companion to The Ultimate Kauai Guidebook that we used every single day! Enjoy!!!

Not very revelatory, interesting or detailed .

Ponderous writing style. Not really that helpful
