Love From a Star is a tender, touching story poem illustrated by sensitive watercolor paintings that reassures a little bear he is never alone because a special star that is the light in God's eyes is always with him. Love From a Star is like a quiet bedtime breath prayer and lullaby combined. The little bear with his trusted stuffed rabbit companion snuggles in the security of his special star, a gift from above, reassuring him that God's love is always present, and he is never alone. Love From a Star is a wonderful bedtime story for children age 4 and up, deserving its special awards and honors including the Mom's Choice Award Honoring Excellence. --Children's Bookwatch

The little bear looked through the open window and caught a glimpse of the twinkling star. Little bunny was so small he had to stand tippy toes on a bench. After looking at the twinkling star, little bear snuggled up in bed with little bunny by his side. Yawwwn! It was time to sleep, but something was watching over him. *"You may not be able to see me tonight, / but I can see you as you turn off the light. / I want you to know that I will always be there / to love you forever*

regardless of where. Wherever the little bear was, that twinkling star would be watching over him. God put that twinkling star out there in the big wide sky just for him! Little bear could be sitting on the grass with little bunny taking a peek at the star or even in a boat. Splish splash! "I'm just a small star, / a gift from above, / given to you, / with sparkle and love. Every night when little bear snuggled up in that bed, he just knew that someone was watching over him. Yawwwn! This is an adorable bedtime tale that young children will love. If any book should be on that nightstand, it's a book like this one. The verse is very lyrical, soothing, and emanates love. Little bear know that God is watching over him day and night and can fall asleep knowing he is safe and very much loved. If a child is having a hard time, or even on those good days, a beautiful bedtime story is always in order. The artwork just pops with that cuteness factor I so love to see in books for preschoolers. This is simply a bedtime book that shouldn't be overlooked! This book courtesy of the author.
