Incredible detail! Looking forward to planning my next trip!

Well done, as usual. I particularly like the use of color in this edition.

I used this book for a trip to Southern Baja in April of 2017. I looked at a lot of other guide books before the trip, and this is the most comprehensive and current one that I found. The recommendations were all solid for Cabo San Lucas specifically. None of the books including this one had very useful information about snorkling in Cabo Pulmo or things to see and do in Todos Santos, so I suggest supplementing the book with some internet research before you leave.

We are frequent visitors to the peninsula over the last 20 years both overland and flying into La Paz or Los Cabos. I found this book pretty much spot on. I am amazed at the thoroughness and knowledge the author has of the area...from the 24hr bakery in Tecate, to Coco's corner, to Rexi's beach bar in Los Barriles How in the world could she have done all this? With the caveat that things change from week to week and month to month everywhere on the planet, I recommend this travel guide "hands down".

Excellent, up to date, many insider hints and recommendations. A real gem of a travel guide.
